Summary

As a rising senior at NC State studying Computer Science, I am always curious and looking for opportunities to learn and gain experience. I am currently looking for a summer internship to expand my knowledge and bring value to your company.

Education History

Bachelor of Computer Science, North Carolina State University, Aug 2023 – May 2027

- GPA: 4.0 (as of January 2026).

Dual Enrollment in High School, Wake Technical Community College, Fall 2019 – Spring 2021

- Certificates: Computer Technologies Foundation (C25590FA), Computer Programming Foundation (C25590FB)

Work Experience

Costumer Service Clerk, Harris Teeter, May 2024 – Present

- Cary, NC. Assisting customers and employees, addressing customer service issues.
- Requires problem solving and diligence.

Mission Service, LDS Church, Aug 2021 – Jul 2023

- Phoenix, AZ. Fostered the religious journey of others through teaching and service. Worked full time as an unpaid volunteer.
- Developed strong people, talking, and teaching skills as well as a strong work ethic.
- Required sense of urgency, passion, and endurance.

Swim Instructor, Goldfish Swim School, May 2019 – Jul 2021

- Cary, NC. Taught kids ages 3 to 12 how to swim.
- Developed a high attention to detail.
- Required creativity, patience, and the ability to problem solve.

Completed Projects: From high school and college, available upon request.

Other Skills/Traits: Driven by passion and curiosity. Able to adapt, listen, collaborate, plan, and manage time.

Honors: Dean's List, Eagle Scout Award

Activities: LDS Church various leadership responsibilities

Other: Built multiple computers. Love to do "homelabbing". Daily drive Linux. Upgraded house ethernet. Installed aftermarket car radio and backup camera. Written scripts to automate modifying photo metadata. Have good IT support experience helping friends/family or acquaintances. (ex. printers, internet, cloud backup, photo cataloging). Experience with C and Java programming languages, and some familiarity with HTML, CSS, Python.
